

SOCIAL INNOVATION IN HEALTH INITIATIVE

CELEBRATING 10 YEARS

SIHI'S VISION

Catalysing research in LMICs to promote and advance social innovations that transform healthcare delivery systems and accelerate universal health coverage.

SIHI NETWORK HUB EXPANSION

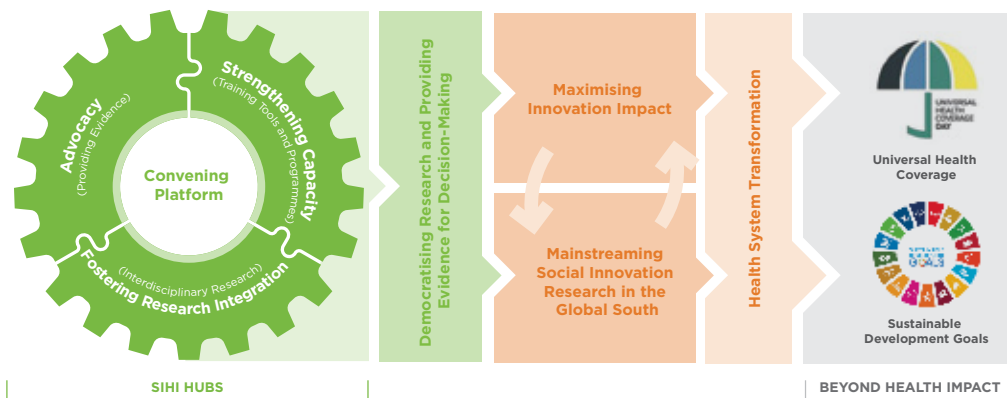

13 SIHI hubs, coordinated by the **SIHI Secretariat** based in the Philippines:

SIHI NETWORK PARTNER EXPANSION

ADVANCING THE INTEGRATION OF SOCIAL INNOVATION RESEARCH INTO NATIONAL SYSTEMS

The SIHI hubs add value by conducting rigorous due diligence in identifying, selecting, supporting research integration, and ensuring effective monitoring and evaluation for impactful social innovations.

- Vulnerable Populations
- Reaching the Last Mile
- Community Empowerment
- Multidisciplinary/ Intersectoral Partnerships

SIHI country hubs have been established worldwide to advance social innovation through the following key strategies: fostering research (facilitating the integration of research in the field of social innovation), capacity strengthening (providing learning resources, opportunities, and programmes), and advocacy (offering evidence-based insights on effective strategies).

Strategically situated within academic and research institutions, SIHI hubs serve as convening platforms for fostering collaboration and uniting social innovators, community members, healthcare system stakeholders, and donors. These hubs play a pivotal role by rigorously identifying and selecting promising social innovations, offering them essential research grants and technical support, and orchestrating comprehensive impact monitoring and evaluation research to ensure their efficacy and sustainability.

SOCIAL INNOVATION EXAMPLE

MOTHERS OF THE RIVER PROGRAMME

“Mothers of the River” is a community initiative that collaborates with rural communities in Peru to reduce maternal and infant mortality by empowering community agents. Its partnership with SIHI hubs and other partners has contributed to enhancing programme capabilities, generating valuable evidence, and establishing connections with strategic stakeholders to ensure sustainability and expansion.
